TOGETHER, WE CAN MAKE PREGNANCY AND CHILDBIRTH SAFE FOR EVERY MOTHER, EVERYWHERE.
THANK YOU FOR ANOTHER YEAR OF PARTNERSHIP IN THE GLOBAL EFFORT TO END PREVENTABLEMATERNAL DEATHS AND DISABILITIES.

2016 was an unprecedented election year where healthcare and equality were not only hot button issues, but divisive ones. Educating the public about the importance of maternal health is more crucial today than ever before. In light of the state of maternal health in the United States, we continued production on our Giving Birth in America series, this time focusing a lens on maternity care in Louisiana.

Our organization continues to evolve and grow. This year we introduced new members to our team, promoted from within, and I stepped into the role of CEO. In conjunction with our Mother’s Day campaign, we introduced the Orange Rose, a beautiful symbol for maternal health. The campaign also included a collection of orange rose inspired gifts that partners created, all benefiting Every Mother Counts.

This year, we fulfilled our goal of investing in all of the countries profiled in No Woman, No Cry. Our grant portfolio now includes partners in Bangladesh, Guatemala, Haiti, India, Tanzania, Uganda, and the United States.

As I write this, we are living in a time of uncertainty, and healthcare continues to be a growing concern. Every Mother Counts remains committed to keeping the health and well-being of the world’s mothers at the forefront of the conversation. And, we promise to continue sharing the human stories behind the global statistics to further educate individuals and inspire action.

To date, our work has impacted more than 500,000 lives, but we have so much more to do.

I hope you will take a moment to review some of our accomplishments and milestones.

I am personally so grateful for all that you do to support Every Mother Counts.

With love,

Christy Turlington Burns
Founder & CEO
MISSION

EVERY MOTHER COUNTS IS DEDICATED TO MAKING PREGNANCY AND CHILDBIRTH SAFE FOR EVERY MOTHER, EVERYWHERE.

We educate the public about maternal health, engage individuals to advocate for the well-being of mothers, and invest in community-led programs to improve access to essential maternity care.
ACCOMPLISHMENTS TO DATE

$10.7 MILLION INVESTED in public education and grants.

592,265 LIVES IMPACTED through our grant-making.
303,000 WOMEN DIE EVERY YEAR FROM PREGNANCY AND CHILDBIRTH RELATED COMPLICATIONS.

FOR EVERY WOMAN OR GIRL THAT DIES...

ON AVERAGE 4 ORPHANS ARE LEFT BEHIND.

20–30 MORE WILL SURVIVE A NEAR DEATH EXPERIENCE IN CHILDBIRTH.

PREGNANCY IS A LEADING CAUSE OF DEATH FOR ADOLESCENT GIRLS AGES 15–19 IN THE GLOBAL SOUTH.

THE UNITED STATES IS THE ONLY INDUSTRIALIZED COUNTRY WITH A CONSISTENTLY RISING MATERNAL MORTALITY RATE.

The women lost are not only caretakers, they are often teachers, healthcare providers, community leaders. The health of mothers is intrinsically tied to child health, poverty reduction and social mobility; when women and newborns survive and thrive, it has an endless impact on families, communities and societies.
WE ARE NOT WAITING
FOR A CURE. WE HAVE
THE TOOLS AND KNOW-
HOW TO SAVE AND
IMPROVE LIVES.
WE INVEST IN COMMUNITY-LED ORGANIZATIONS THAT EFFECTIVELY IMPLEMENT SOLUTIONS ON THE GROUND

AND WE EDUCATE THE PUBLIC TO INSPIRE ACTION.
UP TO 98% OF GLOBAL MATERNAL DEATHS ARE PREVENTABLE.

Our grantee partners improve access to culturally relevant, appropriate and compassionate care during pregnancy, delivery and the post-partum period.

Our grant portfolio focuses on removing three leading barriers that make pregnancy and childbirth unsafe:

- lack of education and training for communities and healthcare providers
- long distances to facilities and lack of transportation to reach facilities
- lack of medical equipment and basic supplies

“I’VE CHosen RUNNING BECAUSE OFTEN DISTANCE IS THE BIGGEST BARRIER TO A WOMAN AND HER FAMILY GETTING THE CARE THEY NEED. SIMPLY PUT, I WANT TO RUN SO THAT OTHERS DON’T HAVE TO.”

AARON MEJOSAS, RAN 12 RACES IN 12 MONTHS TO RAISE AWARENESS FOR EVERY MOTHER COUNTS
IT IS POSSIBLE TO PREVENT NEARLY ALL MATERNAL DEATHS AND DISABILITIES WHEN THESE BARRIERS ARE OVERCOME.
Skilled attendance at all births is considered to be the single most critical intervention for ensuring safe motherhood.

Health facilities and healthcare providers often lack reliable electricity and essential medicines.

Health systems do not adequately reach vulnerable communities. Many women live miles away from healthcare providers and facilities, with limited access to transportation.
Reliable electricity and appropriate medical supplies enable doctors and nurses to conduct safe deliveries and provide emergency care when complications arise...

We supported young Indigenous women from rural communities to train in this program and intern with community-based practitioners.
ASOCIACIÓN DE COMADRONAS DEL AREA MAM (ACAM)

Concepción Chiquirichapa (New Partner in 2016)

Impacted 34,090 mothers and babies and healthcare providers in 2016 📈 MessageBoxButton

We Care Solar provides health workers in developing regions with reliable lighting, mobile communication and medical devices using solar electricity.

Many clinics in Tanzania lack reliable electricity, making it especially dangerous for mothers who deliver at night.

Our support provided healthcare facilities in Sengerema and Shinyanga districts with highly efficient solar energy systems. These systems power medical lights, fetal monitors and headlamps, as well as charging stations which enable cell phone communications.
I was unable to obtain skilled care during my first two pregnancies because of the far distance to the nearest health facility and the high cost of transport. I suffered complications as a result. During my third pregnancy, I learned about Baylor – Uganda’s Boda for Mothers program. They provided me with transport vouchers so that I could attend pre-natal appointments and travel to the clinic when I went into labor.

THANKS TO BAYLOR – UGANDA, IT WAS EASY FOR ME TO ACCESS PRE-NATAL, DELIVERY, AND POST-NATAL CARE IN TIME AND WITHOUT DELAYS. ”

LOOKING AHEAD

UP TO 98% OF GLOBAL MATERNAL DEATHS ARE PREVENTABLE. IT IS THIS KNOWLEDGE THAT MOTIVATES OUR WORK EVERY DAY.

In 2017 and beyond we will continue to educate the public about the global state of maternal health through the challenges and solutions we document and share. We will do this by creating content about the programs that we support – films, photo essays and creative campaigns – across all media. With the continued rollout of Giving Birth in America we hope to bring greater attention to the health disparities evident in the national statistics of birth outcomes.

Our goal is to improve access to quality and respectful maternity care. To this end, we are deepening our investments in core countries and supporting those investments with advocacy. And, we will be working toward increasing the percentage of our United States grant-making from 18% to 25% of our total giving portfolio.

Our grantee partners inspire and motivate us every day by their commitment to keeping their doors open for all who need and deserve respectful care and attention. As we continue to invest funds to support their work, we hope that you will be our partners.

At the heart of our organization is the belief that every mother counts. If you share this worldview with us, we hope that you will be inspired to support our efforts.
