IMPACT REPORT 2016

THANK YOU FOR ANOTHER YEAR OF PARTNERSHIP IN THE GLOBAL EFFORT TO END PREVENTABLE MATERNAL DEATHS AND DISABILITIES.

2016 was an unprecedented election year where healthcare and equality were not only hot button issues, but divisive ones. Educating the public about the importance of maternal health is more crucial today than ever before. In light of the state of maternal health in the United States, we continued production on our Giving Birth in America series, this time focusing a lens on maternity care in Louisiana.

Our organization continues to evolve and grow. This year we introduced new members to our team, promoted from within, and I stepped into the role of CEO. In conjunction with our Mother's Day campaign, we introduced the Orange Rose, a beautiful symbol for maternal health. The campaign also included a collection of orange rose inspired gifts that partners created, all benefiting Every Mother Counts.

This year, we fulfilled our goal of investing in all of the countries profiled in *No Woman, No Cry*. Our grant portfolio now includes partners in Bangladesh, Guatemala, Haiti, India, Tanzania, Uganda, and the United States.

As I write this, we are living in a time of uncertainty, and healthcare continues to be a growing concern. Every Mother Counts remains committed to keeping the health and well-being of the world's mothers at the forefront of the conversation. And, we promise to continue sharing the human stories behind the global statistics to further educate individuals and inspire action.

To date, our work has impacted more than 500,000 lives, but we have so much more to do.

I hope you will take a moment to review some of our accomplishments and milestones.

I am personally so grateful for all that you do to support Every Mother Counts.

With love,

Christy Turlington Burns
Founder & CEO

IMPACT REPORT 2016

UP TO 98% OF GLOBAL MATERNAL DEATHS ARE PREVENTABLE.

Our grantee partners improve access to culturally relevant, appropriate and compassionate care during pregnancy, delivery and the post-partum period.

Our grant portfolio focuses on removing three leading barriers that make pregnancy and childbirth unsafe:

lack of education and training for communities and healthcare providers

long distances to facilities and lack of transportation to reach facilities

lack of medical equipment and basic supplies

“ I’VE CHOSEN RUNNING BECAUSE OFTEN DISTANCE IS THE BIGGEST BARRIER TO A WOMAN AND HER FAMILY GETTING THE CARE THEY NEED. SIMPLY PUT, I WANT TO RUN SO THAT OTHERS DON’T HAVE TO. ”

BREAKING DOWN THE BARRIERS TO CARE

DISTANCE + TRANSPORTATION

Health systems do not adequately reach vulnerable communities. Many women live miles away from healthcare providers and facilities, with limited access to transportation.

TRAINING + EDUCATION

Skilled attendance at all births is considered to be the single most critical intervention for ensuring safe motherhood.

SUPPLIES + EQUIPMENT

Health facilities and healthcare providers often lack reliable electricity and essential medicines.

“ Reliable electricity and appropriate medical supplies enable doctors and nurses to conduct safe deliveries and provide emergency care when complications arise...”

WITHOUT THESE ESSENTIAL COMPONENTS OF SAFE MOTHERHOOD, HEALTH PROVIDERS BECOME LITERALLY AND FIGURATIVELY POWERLESS.

UP TO 98% OF
GLOBAL MATERNAL
DEATHS ARE
PREVENTABLE.
IT IS THIS
KNOWLEDGE THAT
MOTIVATES OUR
WORK EVERY DAY.

In 2017 and beyond we will continue to educate the public about the global state of maternal health through the challenges and solutions we document and share. We will do this by creating content about the programs that we support – films, photo essays and creative campaigns – across all media. With the continued rollout of *Giving Birth in America* we hope to bring greater attention to the health disparities evident in the national statistics of birth outcomes.

Our goal is to improve access to quality and respectful maternity care. To this end, we are deepening our investments in core countries and supporting those investments with advocacy. And, we will be working toward increasing the percentage of our United States grant-making from 18% to 25% of our total giving portfolio.

Our grantee partners inspire and motivate us every day by their commitment to keeping their doors open for all who need and deserve respectful care and attention. As we continue to invest funds to support their work, we hope that you will be our partners.

IN THE UNITED STATES, WE ARE FACING A GROWING MATERNAL HEALTHCARE CRISIS IN WHICH MATERNAL MORTALITY HAS CONSISTENTLY BEEN ON THE RISE FOR THE LAST 25 YEARS.

At the heart of our organization is the belief that every mother counts. If you share this worldview with us, we hope that you will be inspired to support our efforts.
